Hej Ex-Yu Rock Fanovi! Pripremili smo za vas nekoliko odličnih vijesti!

Mjeseć juli se završava baš kao što je i počeo – uz sjajnu rock muziku uživo. Rock'n'Roll se svira u Sarajevu, ali i cijelom regionu.

Sinoć su Partibrejkersi, Bombaj Štampa, Zona Isključena i još nekoliko bendova "razvalili" na platou Skenderije u centru Sarajeva. Koncertom je završen trodnevni festival na kojem je nastupilo preko 20 bendova iz cijelog regiona među kojima su Bajaga i Instruktori, Atomska Sklonište, Bolero, Psihomodo Pop, Crvena Jabuka, Konvoj, Srklet i mnogi drugi. Ranije u julu, vrhunski bendovi kao što su Zabranjeno pušenje, SARS, Elemental, Brkovi, Zoster, Helem Nejse i Divlje Jagode svirali su u Sarajevu na raznim mjestima u gradu i okolici. Također se očekuje da će mjesec avgust biti pun žive svirke, a Sarajevo Film Festival bi trebao početi za manje od 2 sedmice.

Mi iz Udruženja "Ex Yu Rock Society" bili smo zauzeti kontaktiranjem muzičara, prikupljanjem sredstava, prikupljanjem suvenira i pripremama naše prve izložbe (očekuje se u novembru/decembru 2022.). Što se tiče suvenira, nedavno smo nabavili odličnu kolekciju rijetkih fotografija sarajevske rock scene iz 1980-ih. Nabavili smo i set rijetkih koncertnih i promotivnih plakata od rock fanova iz Tuzle. Ostali zanimljivi predmeti koje smo nedavno nabavili su vintage Yamaha klavijatura na kojima je svirao Dražen Žerić "Žera" iz Crvene Jabuke i potpisani albumi svih originalnih članova SMAK-a i legendarnog sarajevskog benda Indexi.

Dodat ćemo još sadržaja u narednom periodu i želimo da se zajedno sa našim prisustvom i aktivnošću na društvenim mrežama povežemo sa Ex-Yu fanovima rocka. Imamo sve više članova – razmislite o tome da postanete član, a pripremili smo 4 paketa koji nude različite pogodnosti svima. Želimo čuti od vas o suvenirima/artefaktima koje imate i koje biste nam željeli posuditi ili donirati. Pošaljite nam kratak opis predmeta i mi ćemo se javiti kako bismo predmet mogli integrirati u naše izložbe. Na svim predmetima prikazanim u eksponatima jasno će biti istaknut vlasnik/donator, kako bismo bili sigurni da dostojanstveno odajemo priznanje muzičarima/fanovima/kolekcionarima koji pomažu da se sve ovo ostvari.

Za kraj – kvizaško pitanje: ko svira klavijature na "Mitovi i Legende o Kralju Elvisu", prvom albumu Elvise J. Kurtovića & His Meteors, koji je objavljen 1984. godine? Odgovor će biti u sljedećem biltenu.

Hvala svima na interesovanju!
Obavještavat ćemo vas o svemu!

Hey Ex-Yu rock lovers! We have some exciting news!

The month of July is ending just as it began – with great live rock music in Sarajevo and across the whole region. Last night, Partibrejkers, Bombaj Štampa Zona Isključena and several other bands rocked out at the plateau of Skenderija in the center of Sarajevo. The concert marked the end of a three-day festival featuring over 20 bands from across the region including Bajaga i Instruktori, Atomsko Skloniste, Bolero, Psihomodo Pop, Crvena Jabuka, Konvoj, Srklet and many others. Earlier in July, top bands such as Zabranjeno Pusenje, SARS, Elemental, Brkovi, Zoster, Helem Nejsa and Divlje Jagode played in Sarajevo at various venues in and around the city. The month of August is also expected to be packed full of live music with the Sarajevo Film Festival set to kick off in less than 2 weeks.

At the Ex-Yu Rock Society, we have been busy reaching out to musicians, fundraising, collecting memorabilia and preparing for our first exhibitions (expected in November/December 2022). In terms of memorabilia, we recently acquired a nice collection of rare photos of the Sarajevo rock scene from the 1980s. We also acquired a set of rare concert and promotional posters from a fan in Tuzla. Other interesting items that we have recently acquired include a vintage Yamaha keyboard from played by Drazen Zeric “Zera” from Crvena Jabuka and signed albums from all original members of SMAK and Indexi.

We'll be adding more content in the weeks ahead, and we want this together with our social media presence to help you link with Ex-Yu rock fans. You will see our Membership Drive is moving forward – please consider becoming a member – there are 4 options that offer different perks to everyone. And you will see that we want to hear from you about memorabilia/artifacts that you have that you would like to loan or donate. Send us a short description and we'll be in touch on how we could integrate it into our exhibits. All items displayed in the exhibits will clearly note the owner/donor of the object, to ensure we give credit to musician/fans/collectors who are helping to make this all happen.

In closing – a trivia question: who plays the keyboard on “Mitovi i Legende o Kralju Elvisu”, the first album of Elvis J. Kurtovic & His Meteors, which was released in 1984? The answer will be in the next Newsletter.

Thank you all for your interest! We will keep you posted on all related developments.
Take care and keep the rock spinning!
