**EX-YU ROCK
CENTAR**

The Ex-Yu Rock Centar in Sarajevo honors the rock legends of the former Yugoslavia by creatively and professionally presenting their music and legacy to visitors from the region and across the world. Through rare memorabilia of hundreds of Ex-Yu rock bands and artists and interactive audio/video features and IT components, the Ex-Yu Rock Centar aims to present this rich cultural heritage of the region while also inspiring a new generation of musicians and artists in Sarajevo and beyond.

Located in the heart of Sarajevo, the Ex-Yu Rock Centar was officially opened in November 2022. Since the opening, thousands of visitors from across the world have visited the Centar. Initial exhibitions have focused on the Sarajevo Scene (1980-1992) and the 40th anniversary of Idoli's groundbreaking album *Odbrana i poslednji dani*. New exhibitions on various elements of Ex-Yu Rock – from the 1960s to the present – are being prepared and will be launched throughout 2023.

In addition to having permanent and temporary exhibitions, the Ex-Yu Rock Centar has become a living and breathing space for creativity and artistic collaboration. This is part of a wider vision for the Centar to become a unique music and cultural hub in South-East Europe. Numerous concerts featuring Ex-Yu Rock legends and emerging bands from the region have been held at the Centar, as well as music-themed trainings, film screenings, lectures, workshops and promotional events.

The Ex-Yu Rock Centar is led by the Ex-Yu Rock Society – a non-profit association that was formally registered in February 2021 in Bosnia and Herzegovina.
